

JEE ADVANCED TARGET-2020 REVISION PLAN (May'20 to July'20)

Date	Test Type	Physics	Chemistry	Mathematics
28 May 2020		Geometrical Optics	Mole & Equivalent Concept	Circles
28 May 2020		Electrostatics	Ionic Equilibrium, Chemical Equilibrium	Circles
29 May 2020		Gravitation, Kinematics	Electrochemistry	Straight lines
29 May 2020		Newton's laws of motion, Friction	Inorganic Nomenclature, Periodic Table, Chemical Bonding	AOD
30 May 2020		Work Power Energy	Coordination Compounds	AOD
01 June 2020		Current electricity	Organic Nomenclature	Conic Sections
02 June 2020		Current electricity	Structural Isomerism	Conic Sections
03 June 2020		Capacitance	Structure Identification, POC	Conic Sections
04 June 2020		Capacitance	Stereoisomerism	Conic Sections
05 June 2020		Error Analysis	GOC-I	Conic Sections
06 June 2020	APT1 (online)	Geometrical Optics, Electrostatics, Gravitation, Kinematics, Newton's laws of motion, Friction, Work Power Energy	Physical : Mole & Equivalent Concept, Ionic Equilibrium, Chemical Equilibrium & Electrochemistry Inorganic : Inorganic Nomenclature, Periodic Table, Chemical Bonding & Coordination Compounds	Circles and Straight lines, AOD
08 June 2020		Magnetic field and force	Gaseous State	Quadratic Equations
09 June 2020		Magnetic field and force	Gaseous State	Quadratic Equations
10 June 2020		Electromagnetic induction	Solid State	Sequence and Series
11 June 2020		Electromagnetic induction	Surface Chemistry	Sequence and Series
12 June 2020		Alternating current	Thermodynamics & Thermochemistry	Binomial Theorem
13 June 2020	ACT1 (online)	Current electricity, Capacitor, Error Analysis, Geometrical Optics, Electrostatics, Gravitation, Kinematics, Newton's laws of motion, Friction, Work Power Energy,	Physical : Mole & Equivalent Concept, Ionic Equilibrium, Chemical Equilibrium & Electrochemistry Inorganic : Inorganic Nomenclature, Periodic Table, Chemical Bonding & Coordination Compounds Organic : Organic Nomenclature, Structural Isomerism, Structure Identification, POC, Stereoisomerism, GOC-I & GOC-II	Circles and Straight lines, AOD, Conic Sections
15 June 2020		Circular Motion	s & p-blocks	Permutation & Combination
16 June 2020		Centre of mass	d & f-block elements	Probability
17 June 2020		Rigid body dynamics	ORM-I, II	Function and ITF
18 June 2020		Surface Tension, Viscosity	Reduction oxidation hydrolysis	Limit
19 June 2020		Fluid mechanics & Properties of matter	ORM-III, IV & Preparation of hydrocarbon	Continuity and derivability
20 June 2020	APT2 (online)	Current electricity, Capacitor, Error Analysis, Magnetic field and force, EMI, Alternating Current,	Organic : Organic Nomenclature, Structural Isomerism, Structure Identification, POC, Stereoisomerism, GOC-I & GOC-II, Physical : Gaseous State, Solid State, Surface Chemistry, Thermodynamics & Thermochemistry	Conic Sections, Quadratic Equations, Sequence and Series and Binomial Theorem
22 June 2020		String Wave and Sound wave	Atomic structure, Nuclear chemistry,	SOT
23 June 2020		Modern Physics-1 & 2	Solution & Colligative Properties	Vector-3D
24 June 2020		Simple Harmonic Motion	Inorganic Qualitative Analysis & Metallurgy	Definite Integration & Its Application
25 June 2020		KTG & Thermodynamics	Aromatic compounds, Carbonyl compound (Aldehydes & Ketones)	Differential Equations
26 June 2020		Calorimetry & Thermal expansion	Carboxylic acids,	Determinant and Matrices
27 June 2020	APT3 (online)	Circular motion, Centre of mass, Rigid Body Dynamics, Surface Tension, Viscosity, Fluid Mechanics, Properties of matter	Inorganic : s & p-blocks, d & f-block elements Organic : ORM-I, II, Reduction oxidation hydrolysis, ORM-III, IV, Preparation of hydrocarbon	Permutation & Combination, Probability, Functions and ITF, Limits, Continuity and Derivability
29 June 2020		Wave Optics	Chemical Kinetics	Complex Numbers
30 June 2020		Heat Transfer	Physical properties	Indefinite Integration
01 July 2020			Biomolecule	

JEE ADVANCED TARGET-2020 REVISION PLAN (May'20 to July'20)

Date	Test Type	Physics	Chemistry	Mathematics
04 July 2020	APT4 (online)	Wave Optics, Modern Physics-1 & Modern Physics-2 Simple Harmonic Motion,String Waves and Sound Waves KTG, heat and thermodynamics, Calorimetry & Thermal Expansion, Heat Transfer	Physical : Atomic structure, Nuclear chemistry, Chemical Kinetics, Solution & Colligative Properties Inorganic : Inorganic Qualitative Analysis & Metallurgy Organic : Aromatic compounds, Carbonyl compound (Aldehydes & Ketones) & carboxylic acids, Biomolecule & Physical properties	SOT and Vector 3D, Indefinite Integration, Definite Integration & Its Application, Differential Equations Determinant and Matrices, Complex Numbers
